## Welcome to Anderson Center for Autism

### LIFELONG LEARNING<sup>SM</sup>

*With a diagnosis of autism still ringing in their ears, the parents and family of a once inquisitive and engaging toddler can only watch as their child slips further and further away ... it is an all-too-familiar and heartbreaking story for millions of families across the nation. And, with autism recognized as the fastest growing disability in America today, it is an issue that truly affects us all.*

Located on a picturesque sprawling campus in Staatsburg, NY, with additional adult homes situated throughout the community, Anderson Center for Autism, a not for profit organization, offers the highest quality year round day and residential programs to children and adults who have been diagnosed on the autism spectrum. Our curriculum features educational, cultural and recreational opportunities specifically designed to challenge each individual to the limits of his or her own abilities.

Backed with a longstanding tradition and history of support that spans more than 80 years, Anderson Center relies on its expert team, evidence-based approach to treatment, and compassionate care to provide a safe, comfortable and enriching environment that promotes countless opportunities for LIFELONG LEARNING<sup>SM</sup>.
